

NEWS FROM ALL PARTS OF FLORIDA

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers."

Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

Lake Butler will soon have a bank, the stock all being taken by home people.

Over in Fernandina they are singing "Under the Shade of the Old Apple Tree."

A knitting and thread manufacturing plant is to be established at Lake City.

The officers at Key West captured a quantity of Spanish lottery tickets a few days ago.

St. Augustine is talking of a big gala week for the latter part of the month, with athletics.

The fair at Miami is a big success and the display of fruits and vegetables is said to be very fine.

There were 59 pupils in the Hernando school at Brooksville that stood at 90 percent and upwards at the last examination.

The sawmill of the Standard Pole and Tie Company, near Brooksville, was burned on Tuesday of last week. The loss was covered by insurance.

The casino at Amelia Beach, Fernandina, destroyed by fire last fall, will be rebuilt at a cost of \$25,000, and be much nicer than the one burned.

At Titusville last Saturday Judge Jones rendered a decision that the law passed by the last Legislature prohibiting the catching of fish by the use of seines in the waters of the St. Johns river is unconstitutional, mainly on account of the vagueness of the language of the act.

R. E. Flynn of Ocala was asphyxiated at the Lynn Hotel in St. Augustine, being found dead in bed on Tuesday evening. A hotel employee smelled the gas and the door was opened, when it was discovered that the gas heater had been turned on and not lighted. He was a member of the Masonic fraternity.

According to a letter received by C. H. Van Hyeck, a prominent ornithologist spending the winter in St. Petersburg, from the game warden at Palma Sola, the government has, through the efforts of the National Audubon Society, set apart Bird Key as a government reservation to be known as "Indian Bird Key Reservation."

The tomato crop of the East Coast is now estimated at 350,000 crates, being much smaller than it would have been but for the wet weather early in the winter, and nearly six weeks late. The potato crop is estimated at 150,000 barrels, and one of the finest in the history of the East Coast. The pineapple crop is estimated at 450,000 crates, and will begin to move about June 1st.

Torture by Savages.

"Speaking of the torture to which some of the savage tribes in the Philippines subject their captives, reminds me of the intense suffering I endured for three months from inflammation of the kidneys," says W. M. Sherman of Cushing, Me. "Nothing helped me until I tried Electric Bitters, three bottles of which completely cured me." Cures liver complaint, dyspepsia, blood disorders and malaria, and restores the weak and nervous to robust health. Guaranteed by all druggists. Price 50c.

DAVIS FOR LEGISLATURE.

"Democrat" Thinks He Is Right Man For Right Place.

Editor Sun: The next Legislature will be one of the most important ones ever assembled in Florida, as there will come before it for settlement a greater number of great problems affecting the future welfare and progress of our State than have ever presented themselves before any of its predecessors. One at least of these questions will vitally touch Alachua county. We will need in that body as we have never needed before, men who can look after our interests—keen, far-seeing, vigilant, energetic men—men who can think and plan and speak—men trained to meet emergencies, to overcome difficulties, to cope with their fellows. We will need strong men accomplished politicians and skilful debaters. Feeling that these things were so, and realizing the necessity for having as our Representatives such strong, progressive men, I have for some time been looking about for one to fill the bill, and I feel sure I have found him in the person of Hon. Robert E. Davis of this city. Could he be induced to act for us, I feel sure our interests would be committed to faithful and capable hands. A strong effort will be made to repeal or cripple the Buckman law. In such an emergency Mr. Davis' brain and will would be a tower of strength. Let us hear from you, Mr. Davis. DEMOCRAT.

G. B. Burhans Testifies After 4 Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." J. W. McCollum & Co.

Justice Colman's Court.

In Justice Colman's court Saturday morning Carter Ross, colored, was arraigned upon a charge of aggravated assault. Carter was arrested by Deputy Sheriff Granger and brought to Gainesville, but inasmuch as the charge against him was not of a very serious nature, he was permitted to plead guilty, and a fine of \$5 and costs or three months in the "gaug" was assessed. The defendant paid his fine promptly and was released.

A Scientific Wonder.

The cures that stand to its credit make Bucklen's Arnica Salve a scientific wonder. It cured E. R. Mulford, lecturer for the Patrons of Husbandry, Waynesboro, Pa., of a distressing case of piles. It heals the worst burns, sores, boils, ulcers, cuts, wounds, chilblains and salt rheum. Only 25c at all drug stores.

City Directory For Sale.

We have a number of copies of Burz's City Directory for sale at The Sun office. It is a handy reference book for business and professional men, giving the names of residents, with street and number. Price Reduced to \$1.

Seaboard Parlor Cars.

The Seaboard Air Line operates buffet parlor cars between Waldo and Tampa on train leaving Waldo that connects with the morning train from Gainesville.

ASCENDS CRATER OF MT. PELEE

Professor Hellprin Says He Found the Volcano Quiet.

New York, March 10.—A cablegram to the Herald from Fort de France, Martinique, says:

By telephone from the government observatory at Mont Pelee, Professor Hellprin, of the University of Pennsylvania, says he has made an ascent of the crater of the volcano. He found it quiet and is assured that it has been quiet.

Despite reports to the contrary, there were no signs of a renewal of activity on Feb. 16, when Martinique sustained a violent shock. Several houses in Fort de France fell, many others were damaged and condemned. They are now being torn down.

Since then there have been eight shocks felt in this city. They are diminishing in violence, but are frequent.

The maximum vertical amplitude of the first was 35 millimetres. This shock was preceded by tremors.

The population are much alarmed, and many went to the country, where they are still sleeping in tents at night.

Professor Hellprin is positive the earthquake shocks have no connection with the volcano. He says they are due to a slow settling of the bed of the Caribbean sea.

Always Keeps Chamberlain's Cough Remedy in His House.

"We would not be without Chamberlain's Cough Remedy. It is kept on hand continually in our home," says W. W. Kearney, editor of The Independent, Lowry City, Mo. That is just what every family should do. When kept at hand ready for instant use, a cold may be checked at the outset and cured in much less time than after it has become settled in the system. This remedy is also without a peer for croup in children, and will prevent the attack when given as soon as the child becomes hoarse, or even after the croupy cough appears, which can only be done when the remedy is kept at hand. For sale by all druggists.

May Be Barred from the Mails.

Washington, March 10.—Representative Bourke Cockran, of New York, has introduced a resolution requiring the postmaster general to report to the house whether Town Topics is admitted to the mails and whether the government assists the publication in "its said occupation of extorting money by blackmail."

One Killed Six Are Injured.

Lake Charles, Tex., March 10.—In a head-on collision between Kansas City Southern passenger and freight trains at Bon Ami, Fireman Wardell was instantly killed and Engineer Watson and Engineer Smith were probably fatally injured. An open switch is said to have caused the collision.

APPEARING OLD

Acts as a Bar to Profitable Employment.

You cannot afford to grow old. In these days of strenuous competition it is necessary to maintain, as long as possible, one's youthful appearance. It is impossible to do this without retaining a luxurious growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use.

Herpicide makes an elegant hair dressing as well as Dandruff cure.

Accept no substitute—there is none. Sold by leading druggists. Send 50c. in stamps for sample to The Herpicide Co., Detroit, Mich.
